

IMPORTANT NOTICE REGARDING **ELECTRONIC TRANSFER OF** **PRESCRIPTIONS**

Please note that this will not affect Crossways Surgery patients who collect their medications from the dispensary.

This practice converted to electronic prescribing on Tuesday 18th August 2015.

If you have previously informed us that you have a pharmacy of choice, we will assume that you are happy for us to send prescriptions electronically to this same pharmacy unless you inform us otherwise.

If you have any questions about electronic transfer of prescriptions, please ask at reception for an information sheet or visit the website where you can download it:
